

CUPANI GARDEN PLANT LIST 2022

FRONT GARDEN	FRONT – RAISED BED & POTS	POTS IN GARDEN, COURTYARD
Leucanthemum Rosa rugosa Holly Jasmine Hydrangea Petiolaris Sambucus Nigra Mahonia Soft caress Yucca tree Eucalyptus Various Pittosporum Choisya Aztec Pearl Philadelphus Buddleia Weyeriana Cotinus Royal Purple Lavender Hemerocallis Zantedeschia Aethiopica Verbena Bonariensis Fennel Teasel Agave Mexicana	The bed and pots are changed twice a year. Planted in the autumn for the Spring with bulbs and pansies. These are then replaced by Summer bedding annual and perennial. A few structural plants remain in the raised bed all the year round. Vinca - White Hydrangea Vanilla Fraise Anemone – Jobert & Whirlwind. Camellia are left in pots year-round as they do not like our soil. See yearly list of plants in Spring and Summer.	Similar to the front, plants are changed twice a year. We often use perennials such as Salvia, Gaura, Echinacea in the pots in the summer. These are then split and put into the plant sale for the following year. We plant tulips as annuals and then give them away to be naturalised somewhere else. We keep daffodils and hyacinths and re-pot the following year or plant in the beds. We have about 6 varieties of tulips (dwarf that are naturalised in the shade garden).
